## MANAGED SERVICE PROVIDER SELECTION SERVICE

---

*Tailored for Associations and Nonprofits*

### Streamlining Your Path to the Right Technology Partner

In the ever-evolving digital landscape and with cybersecurity risks continually increasing, finding the right Managed Service Provider (MSP) is crucial for your association or nonprofit. The challenge? Navigating the vast sea of options to find the perfect match. That's where ClearTone Consulting's MSP Selection Service comes in. We specialize in outsourcing the arduous tasks of research, evaluation, recommendation, pricing negotiation, and contract review, tailored specifically for the unique needs of associations and nonprofits.

### Our Process: Simplified, Efficient, and Effective

- 1. Understanding Your Needs**  
We begin by delving deep into your organization's specific needs, goals, and challenges. This crucial first step ensures that our search is aligned with your vision and requirements.
- 2. Comprehensive Market Research**  
Leveraging our extensive knowledge and market experience, we conduct thorough research to identify MSPs that align with your needs. Our focus is on quality, reliability, and compatibility.
- 3. In-Depth Evaluation and Vetting**  
Each potential MSP undergoes a rigorous evaluation process. We assess their capabilities, track record, customer service, and how well they understand the nonprofit sector.
- 4. Tailored Recommendations**  
We present you with a curated list of the best MSP options, along with detailed insights into how each could serve your unique needs.

5. Negotiating the Best Deals

Our team expertly handles the pricing negotiations, ensuring you get the best value without compromising on quality and service.

6. Contract Review and Finalization

We scrutinize the contracts, focusing on favorable terms and conditions, to safeguard your interests before you make the final decision.

## **Your Benefits: Why Choose Our MSP Selection Service?**

- Time and Resource Savings: Free up your team to focus on what they do best, while we handle the complex process of MSP selection.
- Expert Guidance: Benefit from our in-depth knowledge of the MSP landscape, specifically in the context of associations and nonprofits.
- Cost-Effective Solutions: Our negotiation skills ensure you get high-quality services at the best possible rates.
- Risk Mitigation: With our thorough vetting process, the risks associated with selecting an incompatible MSP are significantly reduced.
- Peace of Mind: Know that your MSP choice is backed by professional research and evaluation.

## **Embrace the Future with Confidence**

Choosing the right MSP can transform the way your association or nonprofit operates. Let us guide you through this journey, ensuring a partnership that empowers your organization to achieve its mission with greater efficiency and impact.
